Section C: Open-ended Questions

1. What motivates you to use your smartphone the most?

2. What challenges do you face in managing screen time?

3. What strategies help you improve your digital wellbeing?

4. Any additional comments or suggestions?

Questionnaire Basis

This questionnaire was adapted from concepts used in validated instruments including the Smartphone Addiction Scale-Short Version (SAS-SV), WHO-5 Well-Being Index, and published digital wellbeing questionnaires. It is modified for educational research and should not be treated as a diagnostic instrument.
